# STAR WEEKLY

TORONTO OCT. 26, 1940

PAY NO MORE  
**10**  
CENTS

**R.A.F. BRISTOL BLENHEIM** bombers attack enemy battleships. The Blenheim is a high-speed bomber with a range of nearly 2,000 miles. It has a top speed of 295 m.p.h., and carries a crew of three.

## ARMY LIFE SUITS DRAFTEES AT NEWMARKET CAMP

**FIRST DRESS PARADE** at Newmarket camp of the young Canucks drafted for the first military training period under the National Resources Mobilization Act had 914 potential soldiers in uniform, a smart-looking lot of chaps who are now, undergoing their

month's instruction and doing remarkably well. "It is astounding the way the men have fallen into army life," according to their commanding officer, Col. R. B. Harkness. There are 39 such training centres from coast to coast, with about 29,750 men

**HOW TO SALUTE** is one of the first things taught the new soldiers. Above, Private Sheldon Smith is seen getting instruction. The course embraces physical training each morning and strenuous sessions of drill during the day including bayonet fighting and gas protection methods

**IT ISN'T ALL WORK** and no play. Here is a typical bunch relaxing in song. The youths drafted are nearly all 21 years old, a few being 22 or 23. They have good appetites, and praise the camp and "grub"

# "MY NIECE, MABEL, WAS ALL OF A DITHER..."

"NOW WHY CAN'T I  
MAKE CHOCOLATE CAKE  
LIKE THAT?" SHE WAILED

**MABEL'S A NICE GIRL** but sometimes she acts a little weak in the head. Like when she bursts into my kitchen and says: "Aunt Jen, I'm having a fit!"

"Don't have it here," I told her. "I'm busy. Got to finish this cake. Your Uncle Henry's bringing company to supper."

"HOW FUNNY, AUNT JEN!" squeals Mabel. "I'm having company, too—and bless if I didn't make that same cake!" But we got the recipe from the same magazine! But my cake didn't turn out luscious-looking like yours."

"Hm-m," says I, "are you sure you did everything exactly the way the recipe says?"

"WE-EL," Mabel admits, "I made one teeny change. The recipe says Baker's Chocolate, but I used another kind I had in the house. It's a little cheaper."

"Teeny change?" I snorted. "Don't you know that Baker's Chocolate has extra richness? Nothing else gives the real chocolate flavour that Baker's does! I don't wonder your cake's a disappointment!"

**THAT NIGHT** my cake made such a hit with Henry's friends I felt guilty I hadn't given Mabel half of it to serve to her company.

"But there," I thought, "it'll just be a good lesson to her!"

Baker's Chocolate recipes always make extra fine cake if you do just what they tell you. Try this **BUTTERSCOTCH CHOCOLATE PECAN CAKE**—and see!

## BUTTERSCOTCH CHOCOLATE PECAN CAKE

- (2 eggs or 3 egg yolks)  
Cake Flour  
2 cups sifted Swans Down  
1 teaspoon soda  
 $\frac{1}{2}$  cup butter or other shortening  
 $\frac{1}{4}$  cup brown sugar, firmly packed  
2 eggs or 3 egg yolks, unbeaten  
3 squares Baker's Unsweetened Chocolate, melted  
1 cup milk 1 teaspoon vanilla

Sift flour once, measure, add soda, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each; then add chocolate and blend. Add flour alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased deep 9-inch layer pans or three greased 8-inch layer pans in moderate oven (350° F.) 25 to 30 minutes. Spread Butterscotch Fudge Frosting between layers and on top and sides of cake. Double recipe for three 10-inch layers.

## Butterscotch Fudge Frosting

Add 2 cups light brown sugar, firmly packed, to  $\frac{1}{2}$  cup butter and cook over low flame, stirring constantly, until mixture darkens slightly (about 5 to 6 minutes). Remove from fire and add  $\frac{1}{4}$  cups granulated sugar,  $\frac{1}{4}$  cup top milk, and  $\frac{1}{2}$  cup water. Return to fire and cook to 232° F., without stirring, or until small amount of mixture forms a very soft ball in cold water. Remove from fire. Cool to lukewarm (110° F.); then beat until of right consistency to spread. If necessary place over hot water to keep soft while spreading. Makes enough frosting to cover tops and sides of two 9-inch layers. Double recipe for three 10-inch layers.

If desired, add  $\frac{1}{2}$  cup chopped pecan meats to part of frosting and use as filling. Spread remaining frosting on top and sides of cake and decorate top with pecan halves.

(All measurements are level.)

## BETTER BUY BAKER'S!

Look for the Baker Girl on the package to get the chocolate with extra richness, famous since 1780.

## They voted for Baker's "finer flavor"

IT TASTES  
RICHER  
AND  
SMOOTHER

Hundreds of women recently took part in a blind "taste-test" on cocoa. Baker's Cocoa was the winner, chosen by 50% more women because of its smooth, rich flavor. For generations, homemakers have agreed that Baker's is the finest cocoa—it's so extra rich!

**THIS IS THE DESTROYER'S** quartermaster, busy with his whistle. He's the petty officer who attends to steering and gives signals

## CONVOYS SAFE FROM SUBS IF CANADIAN NAVY ABOUT

**CONVOY WORK** has so far been the main job of Canadian destroyer crews, and the percentage of happy landings they have made possible has been remarkable. Task of this destroyer—on which Photographer Peter Killian took these pictures—was to track down, engage and destroy all submarines that even thought about destruction of the convoyed ships. Crew was cocky and confident—no push-overs for the enemy at any time—but they had good reason for faith in their lookouts and gunners. Discipline on destroyers is stern, there's lots of work from gun practice to polishing brass, but after all destroyers are the sea's front line

**NEVER-ENDING** concentration on what is going on is the destroyer's safeguard. They are in constant touch with ships in the convoy by radio

**HIGH PRAISE** from the British admiralty has been the well-deserved reward of the Canadian ships on convoy duty

## GUN CREWS ALWAYS READY

**MOTTO OF CANADIAN NAVAL MEN** is: "Hit first, hit hard, and keep on hitting!" and their efficiency at their daily battle station drills shows they mean it. Above: Crew of a big gun

loads a time fuse shell, fired so that it bursts just ahead of the target, scattering shrapnel. German subs have already been taught a very healthy respect for the guns of these sea-hornets

**THIS IS WHAT THE DESTROYER** crew called its pom-pom anti-aircraft gun. "The crew jumped to their stations so efficiently even I was confident," says Mr. Killian. Rigid discipline and rigid training are the answers

**TARGETS FOR THESE** officers during their revolver practice were some of the photographer's used flash-bulbs. Officers, men are trained for any eventuality

**OFTEN ROUTINE**, but dangerous and always important, are the activities of Canada's destroyer fleet. A seaman scans the North Atlantic for any enemy periscope

**HIS FEET PROPPED UP** on a barrel of grog, Lt. M. G. Stirling, second in command, relaxes with a magazine and a glass. Don't let the monocle fool you; Lt. Stirling is a seasoned seaman, and he has won a medal for battling Arabs in Palestine. He is 25

**REGULATIONS SAY** the men can have two ounces of rum, or six cents. But who wants six cents when the grog's being handed out? No one in this bunch, at any rate. British seamen started calling it grog in the 17th century, ridiculing Admiral Vernon, who stumped about in a program coat

## CANADA'S VIGILANT NAVY HELPS GUARD THE SEAS

**T**HE 130 VESSELS now in the Canadian navy will be increased by 100 during the coming year at a cost of \$50,000,000, and during the coming two years the personnel will be increased from 12,000 to 20,000, Hon. Angus Macdonald, minister of national defence for naval affairs, has stated. New vessels will range from destroyers down to smaller craft. This will be bad news for an enemy that has already felt the power of the Dominion's fleet, both in offence and defence. Mr. Macdonald also came along with the cheering news that facilities at the naval bases of Halifax and Esquimalt, B.C., will probably be enlarged. But England has already gratefully acknowledged the help Canada has given in keeping the Empire's sea-lanes clear. So far, Canadian navy has supervised the conveying of more than 16,000,000 tons of cargo, with a loss of less than one-quarter of one per cent., has conveyed Canadian and Australian troops, and has shared in naval operations in European waters in addition to patrolling at home

## DOMESTIC LIFE AT SEA

**JUST LIKE THE LANDLUBBER**, the sailor does his washing on Mondays—at least they did on this Canadian destroyer. Some of the boys were no great shucks at these domestic duties when they

signed up and maybe there are a few wrinkles left after the ironing, but there are no sharp feminine eyes about to criticize. This is only a part of the routine that must go on, war or no war

**MAYBE THERE'S A SUBMARINE** in the offing, but potatoes must be peeled—and on deck, too, in case anything exciting happens. Plenty of good, plain food is a necessity

**LIFE RAFT**, as this sailor has found out, makes a pretty fine bed. Members of the crew, especially the gunners, can sleep anywhere, and can jump wide-awake to action at the first danger sign

## HEROES FACE DANGERS OF FIREFIGHTING AND BOMBS

**ON THE RIVERSIDE** in London great destruction has been caused by incendiary bombs at numerous points and the brave men man-

ning the many fire boats on the Thames have a herculean task subduing flames, sometimes while Nazi bombers are still overhead

## LONDON'S FIRE FIGHTERS WORK WHILE CITIZENS IN SHELTERS

**LONDON'S FIREMEN** have, perhaps, the most dangerous job in the world today. Their everyday chore combines the fighting of a big fire and being under heavy bombardment from the sky. The Nazi raids which have continued by day and by night for several weeks have kept them constantly busy with their nerve-racking duties which are performed with such efficiency that the spread of flames has been checked in many cases where a great conflagration was imminent. Not only in the world's metropolis, but in the coast areas and industrial centres of England and Scotland where the bombardment from the air has been frequent and severe, the fire fighters have proven that they are the new heroes of warfare, their skill and fortitude being epic. There have been many casualties while doing this great share in winning the war

**IN NORTH LONDON** these typical fire fighters are seen doing their bit at a blaze from a bomb in a furniture depository

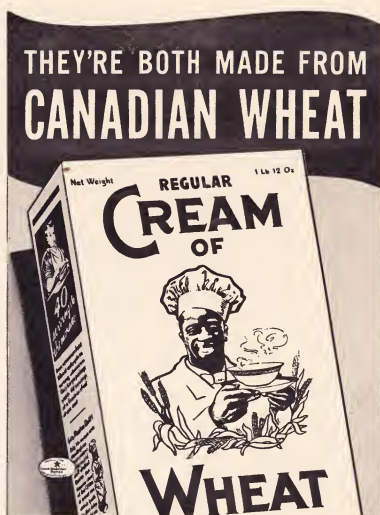

**NURSES MAN STIRRUP PUMP** extinguishers for small blazes in Westminster hospital. Every nurse has been trained to use it

**AERIAL BLITZKRIEG** over London has left scenes of devastation such as above in many sections of the city and the firemen have been getting but little rest from their strenuous job of controlling the fire fiend

**PRACTICAL, IF NOT PRETTY**, is this get-up of a woman motor driver in London's Auxiliary Fire Service, trained at Tooting sub-station. She is wearing a decontamination costume donned when there is danger from gas

**"REGULAR"** Cream of Wheat, the favorite cereal of millions for over 45 years, is a special blend of the best hard wheat grown right here in Canada. It's freed from all irritating bran particles . . . one reason why so many doctors recommend it for babies. And it's rich in the food energy active youngsters need.

**"NEW 5 MINUTE"** Cream of Wheat is also made from highest quality Canadian wheat. But this improved cereal gives you added elements that are part of whole wheat: calcium and phosphorus to help build strong bones, sound teeth; added iron for good red blood; and Vitamin B to help promote growth and appetite. What's more, it takes only 5 minutes to make this richer-tasting "New 5 Minute" Cream of Wheat completely digestible—even for babies. Costs no more—less than a cent a bowl. Ask for the blue-banded package.

## GUESTS LEARN CANADIAN WAY

**PRETTY ADAPTABLE**, these young war guests on our side of the Atlantic. No matter where they are, they take to their new surroundings like ducks to water. Above are pupils of the Penbury Grove private school, Buckinghamshire, England, now housed in the mansion of the late Sir Clifford Sifton, Bayview. Above, right, two young British war guests in New York

**MOST INTRIGUING** feature of the red brick, ivy-covered Sifton mansion, at least to its young tenants, is the nine bathrooms. School is now financed by Canadian friends. Children take it all as a great new adventure

**BROTHERS ANTHONY** and David Carr try co-operation

"Great Caesar's ghost! What's the matter, Tortoise, old man? Where's the old pep—the old ginger—the old up-and-at-'em spirit? Are you the fellow that beats rabbits in foot races? Doesn't seem possible!"

"Oh, you aren't feeling up to scratch, eh? . . . Well, sir—I see why. You've got quite a case of shell-chafe—haven't you? Wrists and ankles, too? Say, that's tough. MOTHER! Where's the Johnson's Baby Powder?"

"Here it comes! When that soothing-soft powder starts gliding into your creases, you can tell your chafes and rashes to go climb a tree. Your neck will feel so slick, you'll be pulling it in and out just for fun!"

"Best thing about being a baby is that you get powdered so often with silky, comforting Johnson's. It's made with extra-special, soft, fine talc. And yet, nice as it is, Johnson's doesn't cost much!"

**JOHNSON'S  
BABY POWDER**

BY WAY OF CONTRAST, these children, still in England, spend much of their lives in bomb shelters. The one above, at Battersea, has a playground on the roof. It is one of the most modern in England

BRANKSOME HALL girls are learning lacrosse again from their cousins from Sherborne Girls' school, Dorset, who are their war guests. Here's Joan Riddell, Sussex, all ready for the game

## TEARS IN LOWER SEVEN!

Mile after mile, that train hummed along — and you'd think my heart would be singing, too! Off for a week end at the Academy and yet I was sunk! Why, oh why, would this super-swell invitation come at a time like this! I curled up on my berth and cried!

And that's when Judy popped through the curtains. "Oh, you ninny," she laughed, "what if it is the wrong time of the month? It's plain old-fashioned to let chafing get you down nowadays. Bring your box of napkins into the dressing room while I fetch my kind and I'll show you a thing or two!"

And two minutes later, Judy was cutting up one of my napkins and then she cut a Modess pad. "There — just feel the difference!" she cried. "Modess is softer because it's made of fluff, instead of papery folds. And Modess stays softer, darling, because it now has 'moisture zoning'." Well...

What a glorious week end I had! I danced, I played tennis, I went sailing — so comfortable and carefree — I practically forgot the time of the month. Take it from me, now that I know what a difference fluff makes, I don't wonder Modess is winning more new users than any other napkin!

Cut a napkin made of papery folds — then cut a Modess pad — and feel the difference! No close-packed layers in Modess — but gentle, downy-soft fluff! So absorbent this fluff is a miracle of protection. So soft, it's a miracle of comfort! And that isn't all...

*Fluff is softer!*

Modess is made of fluff instead of papery folds

Press that fluff and notice how it yields. That's why Modess molds to the body so comfortably without bulk or bunching — why it stays smooth and flat where you want firmness. Thanks to "moisture zoning" Modess stays softer, too! And its moisture-resistant backing guards against striking through!

# New Miracle Modess - Softer-Safer!

## DEBUTANTES OF MOVIE-LAND

ANN TODD—A most promising child star

**TWO FACES THAT MOVIE-GOERS** are going to see more often from now on are those of Grace McDonald, the Broadway singing and dancing star, and Ann Todd, the very personable youngster who's just on the threshold of her screen career. Grace—who's found a ladder an advantageous spot to show off her charms—started her career as a magician's stooge, but tipped over a table one day and scattered rabbits and eggs over the stage. Dark-haired Ann was Shirley Temple's "sister" in the movie version of "Blue Bird"

*The Easy Way to*  
★ BEAUTY ★

Gossard creates an all-in-one foundation that gently molds and holds your figure in glamorous, slender lines. Fashioned of daintily figured batiste and knit elastic . . . with a tiny lacing adjustment at centre back. Lace decorates the uplift top. Model 4710 A (Average) and D (Tall Average).

*The* GOSSARD *Line of Beauty*

Sold by Leading Shops and Department Stores  
**THE CANADIAN H. W. GOSSARD CO. LIMITED**  
Toronto 2, Canada

Chicago — New York — San Francisco — Dallas  
Atlanta — Melbourne — Sydney — Buenos Aires

**RUSSIAN-BORN TAMARA** reached Hollywood from choruses, musical comedies and night clubs in New York—her real name's Tamara Drasin. Noted guitar player, she came to America by way

of Constantinople, scored her greatest success on the N.Y. stage in "Roberto," and the song "Smoke Gets in Your Eyes." She's making her Hollywood debut in "Na, Na, Nanette," with Anna Neagle

## THERE IS A DIFFERENCE

*Career girls know "handsome is as handsome does"—and that KOTEX is:*

**SOFTER  
SAFER  
SECRET**

### Only KOTEX

is made in 3 sizes—  
Regular, Super and  
Junior, for different  
weights and ages.

Kotex sanitary napkins are made up of layer on layer of soft, filmy tissue, sheathed in downy cotton, and wrapped in gauze. The only sanitary napkin that is truly "Wondersoft".

One by one, each layer of tissue in a Kotex sanitary napkin absorbs moisture... then a special "Equalizer" centre guides this moisture evenly throughout the pad. No chance of striking through at one spot. And Kotex Eiler is actually 3 times more absorbent than cotton.

The especially tapered and pressed ends of Kotex fit flatly... remain invisible even under closely-fitting clothes... give you glorious freedom to go about your normal life free from fear of discomfort or embarrassment.

**IF YOU WERE ME YOU'D  
KNOW THESE THINGS...**

You'd know that *only* Kotex sanitary napkins are scientifically designed, then practically tested to make sure that each feature performs perfectly its allotted task. You'd know that *only* Kotex has a soft, carefully folded centre (with more material where you need it... less in the non-effective portions of the pad). So naturally Kotex is less bulky, less apt to chafe than pads made with loose cotton fillers, wadded and wrapped in gauze!

*"You scarcely know you're wearing it!"*

## THE LAMBETH WALK!

**RESIDENTS** in famous Lambeth Walk. (above) can still enjoy their dance in spite of air raid damage.

"I'M NOT SO BAD," Mrs. Eliz. Eales, 66, told Queen Elizabeth after her house was blown up

**PHOTOGRAPHER** H. P. Andrews found a sandbag shelter for his camera on southeast coast

**Faithful!** A gift is a token of your love, affection or esteem. It should act as a reminder of precious moments . . . of deep and lasting friendships . . . of momentous occasions. An Omega will faithfully recall to memory those treasured hours of the past . . . and not for just a fleeting day or two, or even for a year or so, but for a lifetime!

Write to Hatch & Co., Quebec City, for the name of your nearest Omega jeweller and Omega's new style booklet, "A Chosen Few"

**OMEGA**

**Get them to write Often**

**Give Them A PARKER**

The Parker Active Service Set Pen and Pencil in zipper leather case fits snugly in tunic or uniform pocket. Priced from \$5 to \$12.75

**BECAUSE**—it's an active service pen . . . one that is as ready for duty as the man or woman in training; a Pen that makes it easy for them to write the letters that mean so much to those they leave behind.

**BECAUSE**—the Parker Vacumatic is an utterly different and better pen, with its patented "one-hand" filler, no ink sack or filling lever to break down, far from help, —but a pen that holds nearly twice as much ink . . . and lets you see that it does!

With its companion pencil, in the smart military sets . . . no other gift that you can choose will mean as much . . . you'll be giving the finest—the best—the most efficient—personal writing equipment.

**Give them a Parker!**

The Parker Fountain Pen Co. Limited, Toronto, Ont.

**Parker**  
VACUMATIC

♦ Pens marked with the Blue Diamond are guaranteed for life against everything except loss or intentional damage subject only to a charge of 5% for postage, insurance and handling, provided complete pen is returned for service.

**CAVERNOUS HOLE** in London's Strand dug by a German bomb is an object of interest to spectators, but hasn't stopped traffic. No amount of bombs can shake London's confidence

**GAPING HOLE** in the roof and debris on the high altar mark the damage done by German air raiders to St. Paul's cathedral's east transept, but the main part of cathedral escaped

# Why be without a **ROYAL** PORTABLE

models?

# 1941 DODGE *Luxury Liner Special*

## LOWEST PRICED CAR WITH *FLUID DRIVE!*

1941 DODGE Luxury Liner Special 4-DOOR 6-PASSENGER SEDAN

## *FLUID DRIVING* is Smoother, Simpler, Easier!

YOU LIKE YOUR COMFORT? All right, then slip behind the wheel and sit back in those deep, pillow-type cushions and relax. You're going for a Dodge Fluid Drive! To begin with, skip the low gears and *shift into high, right off*. No bucking or stalling when you release the clutch. Instead you glide away like a swan in still water.

There's a red light. But never mind the left foot. *Don't touch the clutch*. Simply brake as usual. Come to a complete

stop and stay in high! Then start again in high. Do this for hours if you like. *Gear shifting takes a holiday!*

Fluid Driving is a new and better way of driving . . . smoother . . . simpler . . . safer. It's easier on the driver . . . easier on the passengers . . . easier on the car. Fluid Drive is a simple application of sound engineering principles, but it is as fundamental an improvement in motoring as hydraulic brakes and Floating Power.

But marvellous as Fluid Drive is, *that's not the whole Dodge story*. Both the Dodge Luxury Liner and the Luxury Liner Special are completely new in design and appearance. The bodies are longer and wider. They are 1½ inches lower without loss of headroom or road clearance.

The new tubular, box-section frame is mounted on new, softer springs and the weight is distributed further forward. And so the restful Dodge "Full Floating" ride is smoother

than ever. The famous Dodge Red Ram engine is stepped up to 91 horsepower . . . engine bearing life has been tripled . . . Engine parts are protected from dust and grit by a new oil bath air-cleaner, oil filter and new float-type oil strainer. All of which means still greater Dodge Dependability, Longer Life and Lower Operating Costs.

But we'll leave some surprises for your Dodge-DeSoto dealer to give you. Phone him TODAY!

## END OF A NAZI RAIDER IN ENGLAND

VANQUISHED enemy fighting plane comes hurtling down to earth in flames

SMOKE and flames pour from the wrecked foe

REMAINS of the M.E.109 being carted away by an escort of smiling New Zealand men

AN M.E.109 shown in the accompanying photographs was escorting German bombers over Maidstone when a British fighting plane attacked and shot it down in flames. The Nazi pilot, who bailed out, was wounded in the encounter and landed in one of the renowned Kent hop fields. The hop pickers from the east end of London, many of whom had lost members of their families in the bombing of their homes, saw him drop and watched him until authorities arrived. The burning plane crashed in another field. When the flames were extinguished the remains were taken to the graveyard of many other German planes

### FOR SCHOOL WEAR

#### WEARWELL and CLINKNIT

QUALITY, at popular prices, has made WEARWELL and CLINKNIT the choice of thousands of thrifty-wisdom Canadian mothers. They buy them for unsurpassed durability, neatness of appearance and for assurance of the full sizing, guaranteed with every pair. Available in many color shades, in ribbed and plain style.

## THIS CHORE TAKES NERVE

SEEMS A TOUGH WAY to make a living, but the brothers Zacchini earn jam on their toast by shooting themselves out of cannon. "Shells" are Hugo and Mario, trigger-man is Bruno. Hugo leaves the muzzle at 350 m.p.h., he says

**ZACCHINI BROTHERS**, in their flights, soar through an arc of 272 feet, reach a height of 65 feet. They're planning a cannon to hurl them two miles, (with parachute). Above: Hugo putting on his special coverall of calfskin

## GOODBYE DANDRUFF!

COPY 1940  
F. W. FITCH CO.

### The Truth About Soap Shampoos

1. This photo shows bacteria and dandruff scattered, but not removed by ordinary soap shampoo.

Soap Shampoo

2. All bacteria, dandruff and other foreign matter completely destroyed and removed by the Fitch Shampoo.

Fitch Shampoo

THERE is a simple, easy way to remove dandruff with the very first application. All that is necessary is to use a shampoo that completely dissolves dandruff and then washes it away.

Repeated laboratory, as well as practical, tests show that ordinary shampoos will not dissolve dandruff. Fitch's Dandruff Remover Shampoo dissolves every speck of dandruff instantly—or money will be refunded—and then washes it away. It rinses clean in hard or soft water. Equally good for all shades of hair. Try it today! Sold at drug counters. Professional applications at beauty and barbershops.

After and between Fitch Shampoo, Fitch's Ideal Hair Tonic is the ideal preparation to stimulate the hair roots and give new life, luster and beauty to your hair.

Get after it **FOUR WAYS**  
with **ANDREWS!**...

Many people think opening the bowels is the first step toward breaking a cold. That belief is not even half true! For when the bowels are sluggish during a cold, other eliminative organs are off-key, too. Needing help desperately.

So for fastest cold relief, get after Faulty Elimination in general—don't merely open the bowels. Ordinary laxatives can't give you the four-fold help that is needed. But **ANDREWS Liver Salt** can! This pleasant, effervescent salt contains special ingre-

1. **ANDREWS** opens the bowels for normal movements.
2. Stimulates the liver, often sluggish during a cold.
3. Helps the kidneys by reducing the amount of work they have to do.
4. Neutralizes excess gastric acid to relieve discomfort in shorter time.

lients which make it act **four different ways** to help you throw off the stiffness, head misery and other ill effects of a cold faster.

...You take your laxatives—I'll take **ANDREWS!** say enthusiastic Andrews. Try it! After other-reaching, four-way effect. All drug-stores. 4-oz. tin, 14¢; 8-oz. tin, 57¢; 10-oz. bottle, 69¢.

**ANDREWS**  
*Liver SALT*

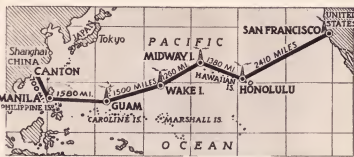

## HAWAII--OUTPOST OF U.S. DEFENCE

AN INDEPENDENT KINGDOM until 1893, Hawaiian Islands became a U.S. territory in 1900, will vote next Tuesday whether they wish to become the 49th state. Above, big gun in Oahu in action

AIRCRAFT CARRIER, U.S.S. Saratoga (above), rides at anchor peacefully off Kewalo Basin

HAWAII, AT THE CROSS-ROADS of the Pacific, is the United States' first line of protection against invasion from the East. It has lately been reinforced and is believed ready for any emergency. In Pearl Harbor the entire U.S. fleet can anchor. Schofield barracks, on the island of Oahu, is the greatest of all U.S. army posts. But Hawaii still requires foodstuffs to stand off any blockade, bigger air base, control of Japanese population, bigger drydock and channel

MAP ABOVE indicates Hawaii's importance in forestalling any eastward move by Japan, especially in the direction of the Panama canal. These days, islanders haven't quite so much time for gaiety and romance—their "little grass shacks," even, are rapidly disappearing in the flood of modern homes

### YOUR BABY'S FIRST VEGETABLES AND FRUITS

A valuable contribution to the preparation of baby foods has been made by homogenized vegetables and fruits. Clinical and laboratory tests show Homogenized foods have been successfully digested by infants as young as six weeks.

The first step in this new process of preparing solid foods is a complete straining of vegetables and fruits. The tough fibres that are left after straining are then reduced by special homogenization to a minute, non-irritating form. Food cell walls, left whole after straining, are broken by special homogenization. The enclosed nutriment in a smooth, easily digestible form is fully exposed to babies' delicate digestive system. Thus, digestion takes place easier, and quicker than the digestion of strained foods.

Particularly valuable to mothers is the free booklet explaining the early feeding of homogenized solids entitled "Your Baby's First Vegetables and Fruits." Mothers are requested to send their name and address to Libby's, Chatham, Ontario, for this free booklet.

### TRY LIBBY'S EVAPORATED MILK

In the United Kingdom more women use Libby's Evaporated Milk than any other brand. Try it—If you don't like it the best you have used Libby's will pay you DOUBLE the purchase price.

B43-40

A REAL PAL! But the little cuts and scratches Jimmy gets when he plays need more than sympathy. After proper treatment, cover them up with Band-Aid . . . to help keep out the dirt. Band-Aid is a neat, ready-made bandage of gauze and adhesive. Just stick one on . . . it stays on . . . even on hard-to-bandage places. Keep a box of Band-Aid handy for minor cuts, burns, blisters, and skin eruptions. It's made only by Johnson & Johnson.

**WORRISOME PROBLEM** in the Hawaiian Islands is the presence of nearly 150,000 Japanese, who constitute nearly half of the civilian population, and who must be prevented from aiding an enemy aggressor. Above: Military drill by students of "Little Tokyo," a college many Japanese youths attend

**ALL JAPANESE** in Hawaii—many of them live in Honolulu, the capital—are United States citizens, but have preserved their national customs and like to listen to the geisha girls' music. Hawaii's growing tendency to intermarriage of races is least noticeable among the Japanese and Koreans

If you want  
the charm of  
sparkling teeth  
—use  
Powder

## Do As Your Dentist Does — when he cleans your teeth

Only the powder part of any dentifrice really cleans. A dentifrice that is *all powder* naturally cleans best. Dr. Lyon's Tooth Powder is *all powder*—100% cleansing properties, more than twice the cleansing properties of tooth pastes.

For over 70 years, dentists have prescribed Dr. Lyon's Tooth Powder—because teeth cannot remain dull, dingy and film-coated when it is used. Free from all acids, grit and punice, Dr. Lyon's cleans off stains, polishes teeth in a harmless and practical way—leaves them sparkling, feeling cleaner—your breath sweetened, mouth refreshed.

Dr. Lyon's Tooth Powder is special dental powder developed for home

use by a distinguished practising dentist. Brush your teeth with it regularly, consult your dentist periodically, eat as you should—and you will be doing all that you can possibly do to protect your teeth. As a neutralizer in acid mouth conditions, Dr. Lyon's is just as effective as Milk of Magnesia.

Dr. Lyon's is not only doubly efficient, but more economical to use. Even a small package lasts twice as long as a tube of tooth paste.

## There's a "Soul Mate" . . for your skin among Woodbury's 8 Powder Shades!

You can dance into the wee hours and still look lovely with Woodbury Facial Powder.

**3. You'll love the way Woodbury stays on, too . . .** giving you a smooth, satiny finish for many extra hours . . . ending unlabeled "shiny nose". Woodbury is the only popular face powder guaranteed "germ-free"—free of those impurities that may aggravate the skin and cause excessive oiliness. Woodbury never cakes, streaks or wears "shiny". It gives you a flattering finish that "stays put" through an evening of dancing or a day of sports.

### Test it on your face

Send for free supply of Woodbury Powder! 8 glamorous shades! You can't judge a powder by its looks in the box. Try Woodbury shades before your own mirror.

**1. Popular co-ed writes:** "At a recent college dance, I discovered how the right shade of face powder can dramatize a girl's personality. I wore Woodbury's lovely 'Champagne' shade. I was showered with compliments. It wasn't just luck! I tested all 8 of your shades before my mirror . . . and proved that 'Champagne' is the perfect blend for my skin."

JEAN BARTELEME  
Gamma Phi Beta,  
Northwestern University '40

**2. U. of M. girl says:** "My powder shade troubles are over since I found Woodbury 'Blush Rose'. This shade looks equally lovely in sunshine or under night lights. At the end of a recent motor trip, driving in wind and sun, my companion commented on my smooth, fresh skin. It pays to try all 8 Woodbury shades to find the one that exactly matches one's skin."

ANABEL AVERY  
University of Michigan '40

**FREE . . . EIGHT FASHION-APPROVED SHADES**  
Try the 8 glamorous Woodbury shades—free. Beauty editors say they're the smartest in America. One of these divine shades will dramatize and glorify your skin. Buy Woodbury Powder. Only 50¢, 25¢, 15¢.

# BRITAIN'S ROYAL FAMILY NEVER SHIRKS ITS TASKS

**DUKE OF KENT** was making an inspection of the air raid damage in the southwest London area when a Nazi time bomb exploded

within 100 yards of his car. But the duke—above, with Admiral Sir Edward Evans—calmly continued on his way to see the crater

**KING AND QUEEN** have often visited London hospitals—here they are chatting with a fireman injured while on duty during an air raid

**DUCHESS OF KENT** pays a visit to the 5th Canadian General hospital, chats with some of the cheerful convalescent patients there

**STIRRING** example of courage and fortitude has been the conduct of King George and Queen Elizabeth, as well as other members of the royal family, not only to their subjects in war-torn England but to their Empire as well. In the bombing of their home their majesties have been able to sympathize with the humblest commoner, and they have kept on with their self-imposed war-time tasks with an unshaken optimism. Nazis may have hoped eventually to face a disunited Britain—but with King and subject linked as they are now that hope will be vain. German bombs have not split the ranks in Britain—they have only drawn them closer together in a common bond

# PALMOLIVE

HAS KEPT COMPLEXIONS LOVELY ALL OVER

Of course they didn't call it Palmolive then. To those beauties of ancient days, it was a simple mixture of the costly, Oriental oils of Olive and Palm. Yet that crude blending cleansed their skin . . . helped keep them always lovely . . . desirable to their lords and masters.

And from then until now, although millions of dollars have been spent in cosmetic research, nothing that is finer, more soothing for your skin has been found than these same gentle oils of Olive and Palm. These oils alone go into the making of Palmolive today. And these oils alone, blended under scientific supervision, give Palmolive its gentle, cleansing lather, its delicate, natural colouring, its wholesome purity. Get Palmolive today.

"Palmolive is the only soap used in the daily baths of the Dionne Quintuplets. Their skin is clear, normal and healthy."

TRY THE NEW IMPROVED PALMOLIVE

MILDER . . . NEW PERFUME . . . LASTS LONGER

Listen to Palmolive's "Happy Gang" C.B.C. Network, Mon., Wed., Fri., 8 to 8.30 p.m. Eastern Daylight Time. See your radio for local time and station.

## ADEN: THE GIBRALTAR OF THE EAST

IN APPEARANCE AS WELL as in strategical importance Aden is the Gibraltar of the east as this picture of the outer harbor, guarded by the Island of Sirah, shows. Aden proper is on a peninsula of barren and desolate volcanic rock—Kipling once called it "this burnt-out barrack stove." Annexed to British India in 1839, it owes its power largely to the vision of Queen Victoria, is the point at which the eastern cable system divides, one line going to India, the other to Zanzibar and the Cape. Across the bay is Little Aden, a mass of granite rock, while a narrow, sandy isthmus connects the peninsula and the mainland. Intense heat in Aden is trying for the whites

INDIAN TROOPS at Aden, shown at gas mask instruction, are of fine physique and proved courage

"LOOK THIS  
DIAPER'S A

*Cinch  
to Fold*

**FOLDLINE  
SHOWS THE WAY**

MAKING any diaper fold is as simple and easy as A B C with the handy, patented Curity FOLDLINES to follow. They are woven right into the fabric so they can't wash or wear away. By using the adjustable PANEL FOLD you can use Curity's "Thrifty" size right through the whole diaper period. It's woven 40 square inches over-size to start with, so no matter how often you launder it or how much the baby grows it will always be big enough. CURITY NURSERY PADS are made of layettecloth...the same surgical-weave fabric as the diapers. Everybody knows it is very fast drying, very easy to wash, and very absorbent... No bulky filler to get lumpy!

**KHAKI DRILL TUNICS** and conical turbans add smartness to Indian garrison at Aden, seen on parade while British bombers roar overhead. Bombers have done valuable work in smashing Italian-controlled Ethiopian railways

**UNMATCHED IN DESERT** fighting are these men of the Aden native garrison, seen above manning a heavy machine-gun. Of the Aden population of 47,000, three-fifths are Arab, one-fifth is Indian, all intensely loyal to Britain

## Proper hair care too much trouble?

Just because you can't visit the hairdresser every week, don't let your hair and scalp suffer. With DANDERINE handy, that's needless! For thanks to its active formula, using DANDERINE wastes no time, and is no trouble. Just sprinkle a few drops of DANDERINE on your brush or comb before you arrange your hair. Or, if you like, apply it directly with your finger tips. DANDERINE does not depend on

friction to be effective; therefore, tedious massage is not necessary.

Use DANDERINE this way, daily, and keep your scalp feeling more "alive" — your hair free from ugly loose dandruff; looking more lustrous, and holding its wave longer! Start now. A bottle of DANDERINE lasts many, many days, and costs very little at any drugstore.

# DANDERINE

**MEN**—Danderine on your brush keeps hair neat, dissolves loose dandruff.

## "My Skin Was Getting Old Ahead of Me"

Der skin makes you look old. The change comes on insensitively due to the heat of summer and the dehydrating air of heated winter homes. — **UNLESS** you guard against it! NIVEA Creme provides that protection through a remarkable dermatological discovery called Eucerin—a substance that exactly duplicates the natural lubricating secretion of the skin itself. It's remarkable what a difference it makes—only once the hair dries, melts away at the first gentle massage. Get full benefit from the therapeutic virtue of NIVEA by using it as your cream for every purpose. It penetrates the surface, cleanses thoroughly, softens and lubricates the skin, tones, and makes an ideal powder base if used sparingly and left for just a moment before the powder is applied. **Note:** Treatment for skin diseases should be undertaken only by qualified physicians. Consult your doctor. Your druggist has NIVEA CREME in metal containers, tubes and open jars.

**STANDING BY READY FOR ACTION** is this R.A.F. bomber of the Aden air command. Much of the Aden development has been due to air transport

## ADEN EFFECTIVE BASE FOR ATTACK, DEFENCE

WITH IL DUCE now occupying a solid strip of territory in northwest Africa, including British Somaliland, maintenance of Aden, at the Red Sea's east end, has become even more vital to Britain's eastern communications. Now a formidable war nest, Aden has a strong garrison of both Indian and British troops, as well as a strong R.A.F. command and a Royal Navy squadron, and proof of its offensive strength is the fact that Italians have already subjected it to sporadic bombings. From Aden and other stations, however, British have retorted with steady pounding of Italian military bases on the Gulf of Aden coastline. Aden, an important coaling station and cable base, is on the north shore of the Gulf of Aden, almost directly opposite Berbera in British Somaliland, a hundred miles east of Bab-el-Mandeb strait, eastern entrance to the Red Sea. In an emergency, Britain can thus block off the Red Sea link in her Far East highway. Once under the control of the government of Bombay, Aden is now a separate colony and protectorate, its governor Lt.-Col. Sir Bernard Rowdon Reilly. Natives are mostly Arabs, or Somalis from Africa, are Mahomedan in religion

## MOTHERS! HERE'S WHY BABY'S DELICATE SKIN NEEDS A SPECIAL BABY SOAP

• Baby's skin has a texture of infantile tenderness, a delicacy which must not be subjected to harsh or alkaline soaps. Doctors and nurses, urging the importance of cleanliness, will always advise you to select the soap with utmost care. They know that Baby's Own, the mildest and gentlest of soaps, protects the tender and sensitive underlying tissues of baby's skin. They constantly advise its use.

Look for the  
Baby's Own baby on  
the pink and blue package.

## LEARN THE TRUTH ABOUT CORNS

**How to Get Rid of Them**  
• Corns are caused by pressure and friction—often become large, painful and ugly. Home paring can only give temporary relief—means risk of infection. But there's no need to suffer. Millions have ended corns this easy way. Just put a Blue-Jay Corn Plaster neatly over the corn. It acts quickly and gently as shown above. You have glorious relief and simply by avoiding the pressure and friction which caused your corns, you can prevent their return. Get Blue-Jay Corn Plasters today—only 25¢ for 6.

**BAUER'S BLACK BLUE-JAY CORN PLASTERS**
